Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a ldstory of weak lungs in the family. What should be done? Ask your m., S. S. Manchuria bence July 16, doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

There was serious dis-cussion towards eliminating Mr. Rock's work altogether, and abolishing the office on the point of economy and it ap-pears that there is probability of such action.

Mr. Campbell asked permission to sing his swan song to the effect that Mr. Rock's services were extremely valuable and should not be dispensed with so lightly. He was agreed with not, however, change their own views on the mutter.

He admits every detail of the gory act, adding a few of his own. He says that after he had stabbed the woman she turned around and grabbed his shirt, but he pushed her away and walked home to change his clothes. He did not thing that he had inflicted fatal wounds.

He also stated that he had warned her that if she took another lover she would have to move from Waipahu. He was also after Mrs. Peter Kealo, in whose house he killed her, claiming that the last named woman had entired Alice Ululani away from him. The verdict rendered lays the blame on Cortez.

PASSES AWAY.

Death has removed another of the old kammains in the person of James W. McGuire, who passed away last night at six o'clock at the residence of his son, James W. L. McGuire, Kaptolani Park, aged eighty years. He had ben ill for about nine months.

Mr. McGuire was born May 20, 1831, at Baltimore, Md. When a young man he was seized with the gold fever and was one of the "Forty-niners" who made the long and dangerous journey from the eastern States to California.
